

# HORIZONTAL WOLFCAMP ACREAGE AREA

**Todd Field**  
Crockett County, Texas

- 25 Million Barrels in gross reserves
- 4,890 gross contiguous acres
- Available by term assignment or participation

O’Ryan Oil and Gas is offering a Wolfcamp shale opportunity in Crockett County, Texas. This package contains a large primary contiguous block positioned in the liquids rich horizontal Wolfcamp Resource play and has multiple horizontal targets. Geologic analysis indicates this acreage is in a structurally optimal position, with the Wolfcamp interval exhibiting superior porosity, high organic content, and high oil in place.

# MAP OF GEOLOGICAL LAYOUT OF TODD FIELD.

Geological probability of success: **HIGH**

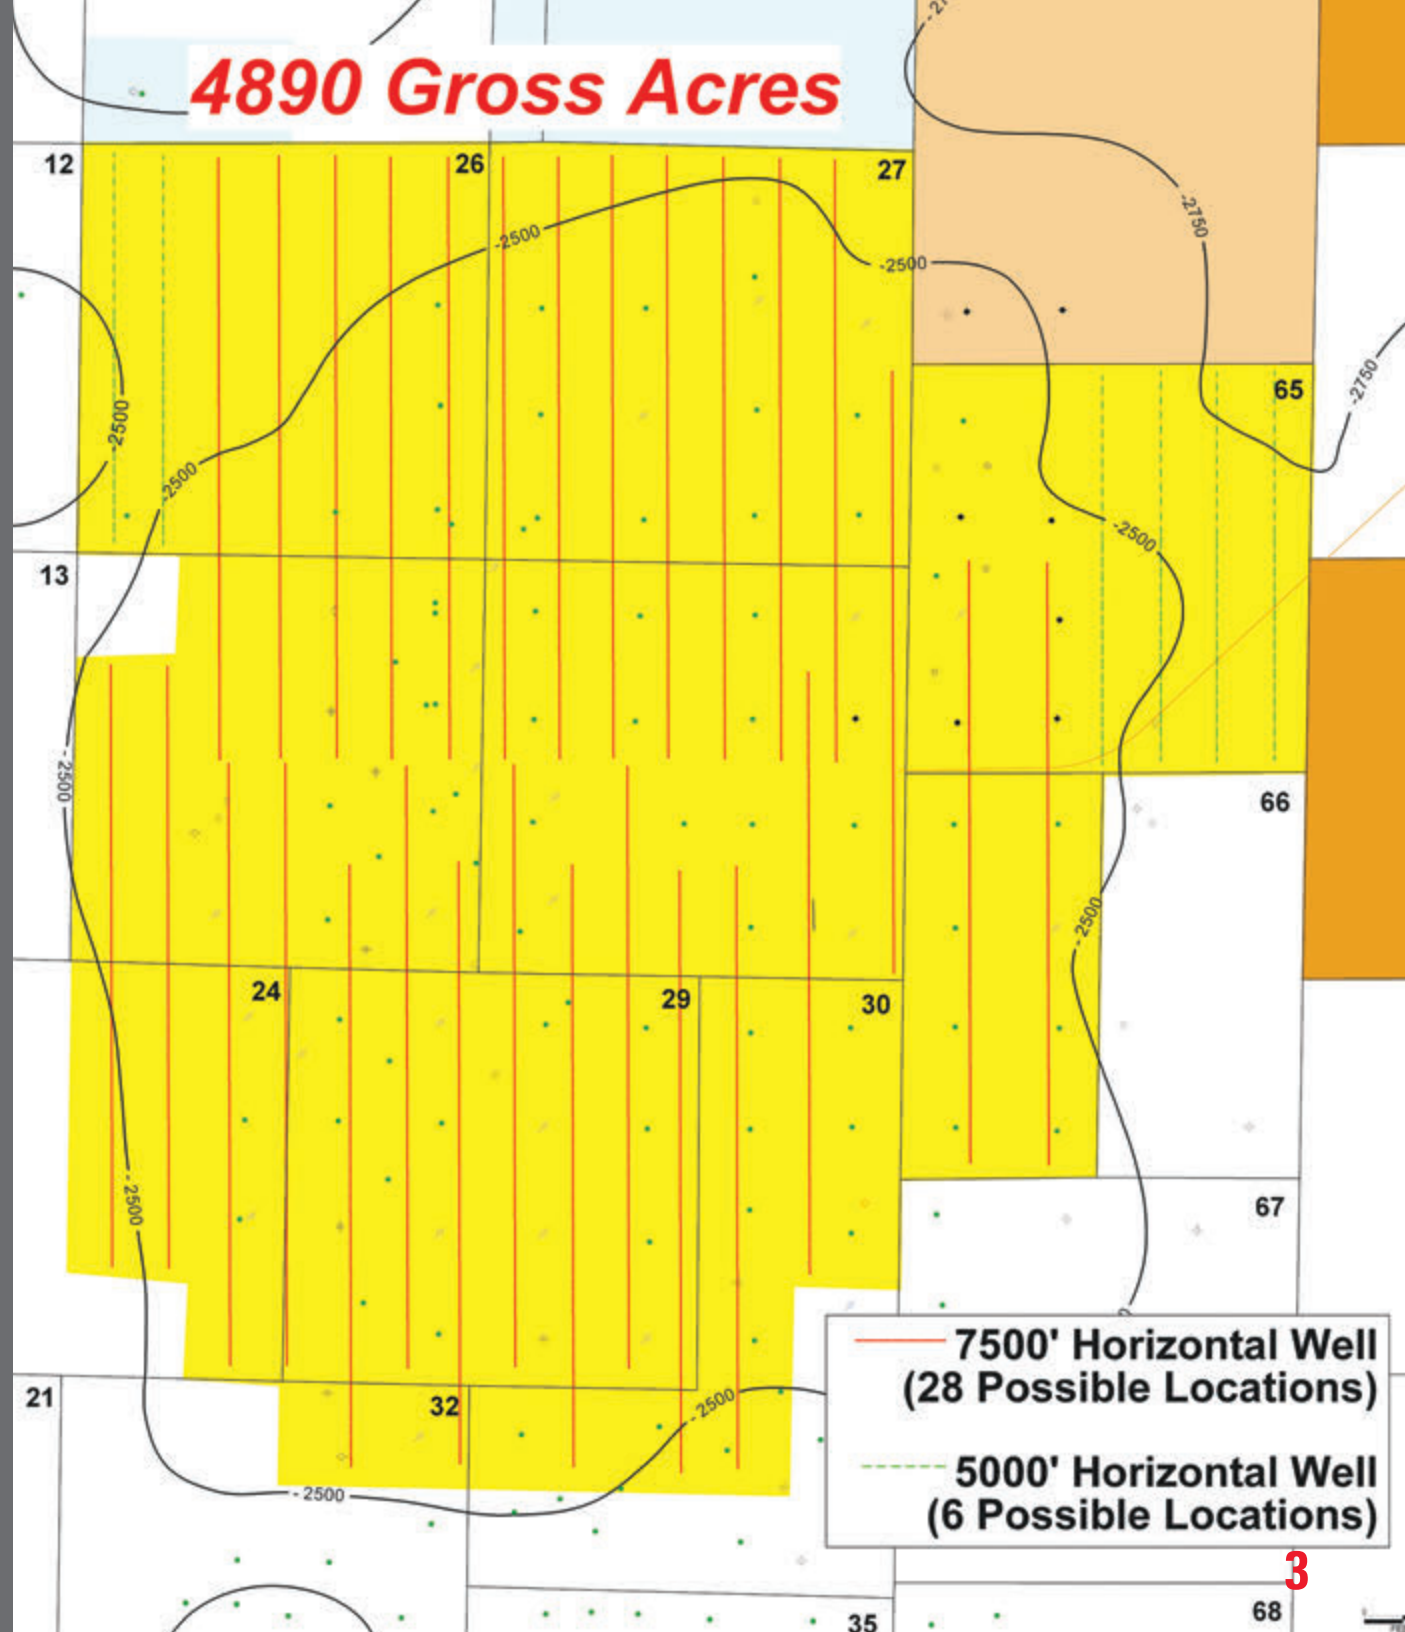

Economic probability of success: **HIGH**

Primary reservoir conveyance: Spraberry through Wolfcamp

Land overview: Leases are held by production

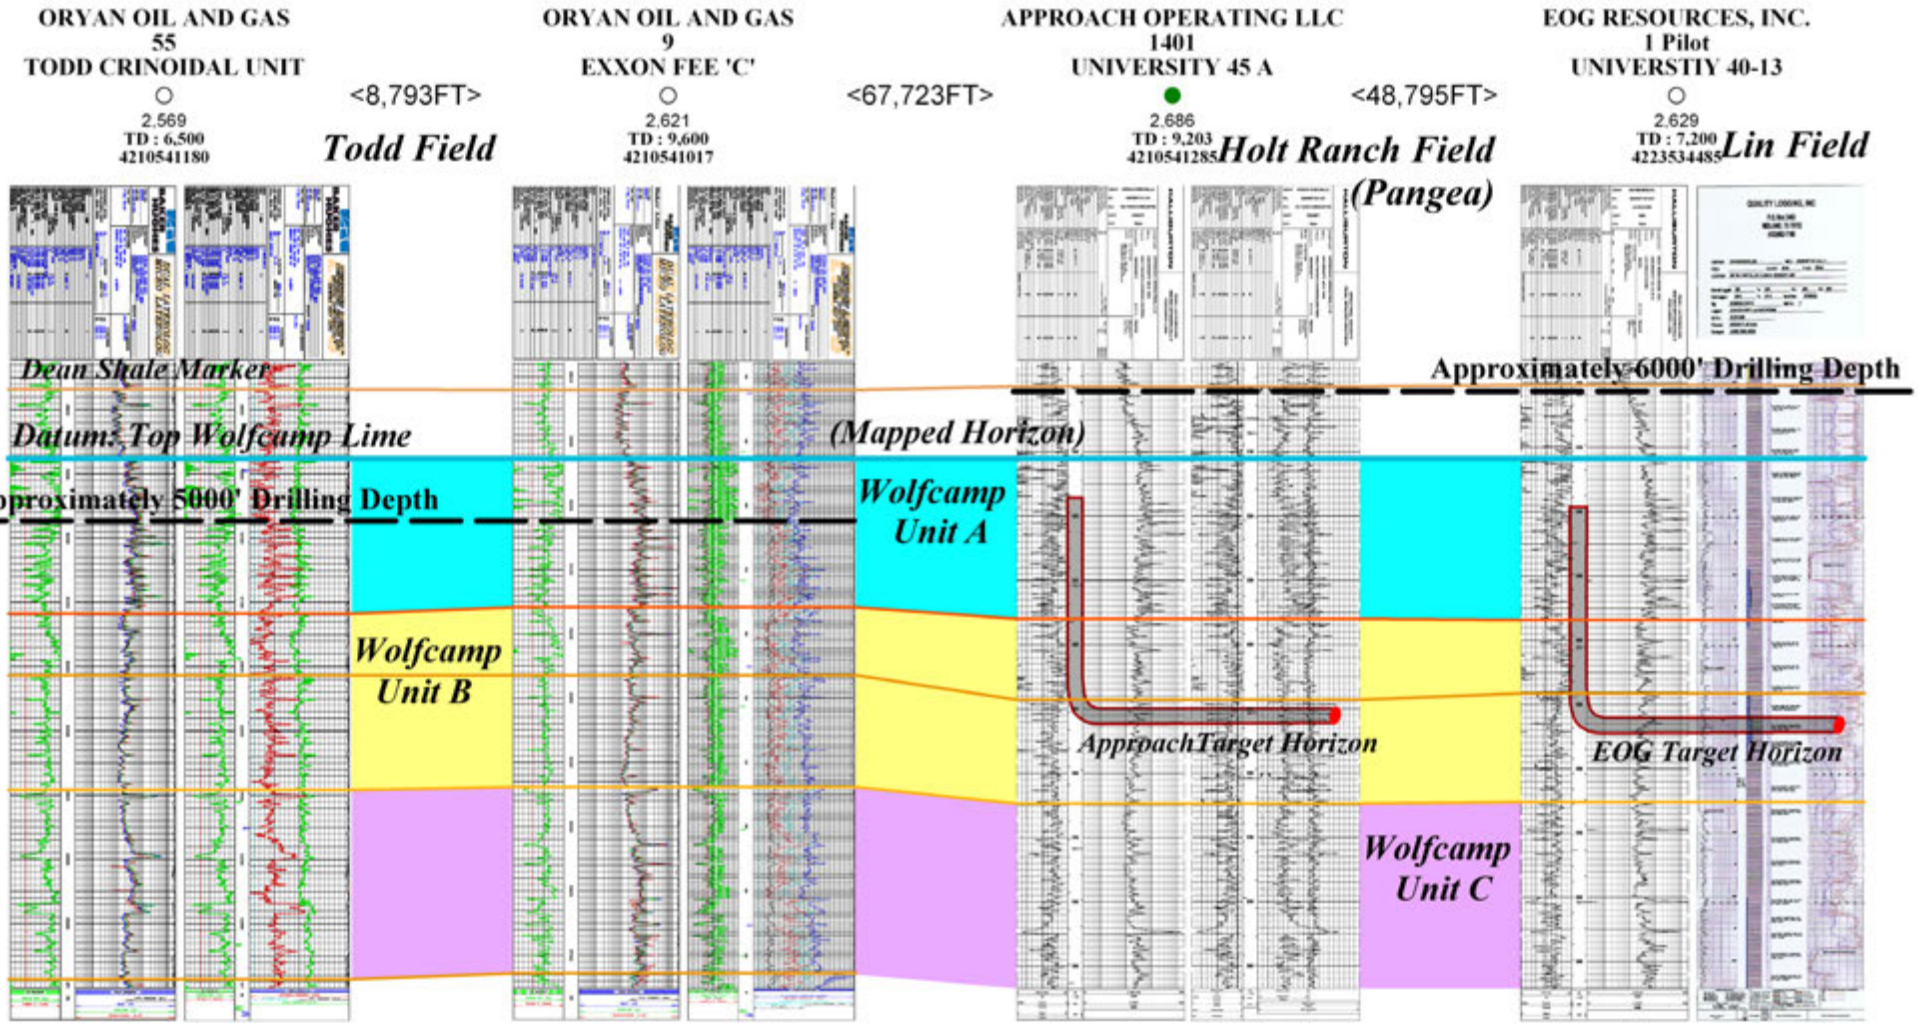

## Lease Acreage Overview:

- Acreage situated within core areas for several Horizontal Wolfcamp operators.
- Leases in the area are trading from \$5,800 - \$7,000.
- 4,450 Net Mineral Acres with 4,890 Gross Acres in a contiguous block.
- Contiguous acreage allows for multiple North/South wells from central location, long laterals (>7500'), and multiple well spacing.
- Acreage is HBP.
- 1,000 - 2,000 BOPD initial rates from surrounding wells.
- Over 1,600' of vertical section including the Clear Fork, Dean, Wolfcamp A and Wolfcamp B formations.
- Secondary targets have high potential for horizontal development.
- Minimum of 28 long lateral horizontal Wolfcamp locations.
- Current area EUR's range from 465 MBOE to 750 MBOE.
- Gross unrisked reserves of 25 MMBOE.

# Wolfcamp Oil Shale Play | Crockett County, Texas

**Widespread, Thick, Consistent & Repeatable**

53 Horizontal Wells have been Drilled or Permitted in vicinity of this Well.

67 Horizontal Wells have been Drilled or Permitted in vicinity of this Well.
